

Session 18 — Power BI Practice

Filters, Slicers, Sync aur Bookmarks ka Simple Guide

5 Tasks — Ek Nazar Mein

#	Kaam kya kiya	Page
1	500 se zyada units wale products hi dikhe	Page 1
2	Sirf Ahmedabad ka data dikha	Page 2 (Overview)
3	Payment slicer 2 pages mein sync kiya	Page 3 & 4
4	Button se ek page se doosre pe jump	Page 2 & 5
5	Sirf 2023 ka data poore report mein	Sabhi Pages

Task 1 — Ek Chart Pe Filter (500+ Units)

Kya karna tha: Bar chart mein sirf wahi products dikhe jinke total units 500 se zyada hain.

1. Page 1 pe Bar Chart banaya — Product upar, UnitsSold neeche.
2. Chart ko click kiya (select kiya).
3. Right side Filters pane mein "Filters on this visual" section mila.
4. Usme UnitsSold field daali.
5. Filter type "Advanced filtering" kiya → "is greater than" → 500 likha → Apply kiya.

■ Ye filter sirf isi ek chart pe lagta hai, baaki kisi visual pe koi asar nahi.

Task 2 — Poore Page Pe Filter (Ahmedabad)

Kya karna tha: Ek page ke saare charts/cards mein sirf Ahmedabad ka data dikhe.

1. Page 2 pe Card, Bar chart, Pie chart aur ek Table banaya.
2. Canvas ki khaali jagah pe click kiya (koi visual select nahi kiya).
3. Filters pane mein "Filters on this page" wala section dhoonda.
4. Usme City field daali.
5. Basic filtering rakha aur sirf Ahmedabad pe tick lagaya.

■ Ye filter poore page ke sab visuals pe lagta hai, doosre pages pe koi asar nahi.

Task 3 — Payment Slicer + Sync

Kya karna tha: UPI/Card/Cash ka slicer banaya aur do pages mein connect kiya.

1. Page 3 pe Slicer banaya, usme PaymentMethod field daali.
2. Slicer copy karke Page 4 pe paste kiya.
3. View tab mein jaake "Sync slicers" on kiya.
4. Slicer select karke, table mein Page 3 aur Page 4 dono ke Sync tick kiye.
5. Visible bhi dono ke tick kiye taaki slicer dikhta rahe.

■ Sync = selection dono jagah share hoti hai. Visible = slicer dikhta hai us page pe. Dono chahiye.

Task 4 — Button Se Page Jump (Bookmarks)

Kya karna tha: Overview page se Top Customers page pe jaane ke liye button, aur wapas aane ke liye doosra button.

1. Page 2 ka naam "Overview" rakha (jisme pehle se visuals the).
2. Page 5 banaya, naam "Top Customers" diya, usme Customer ka bar chart daala (Top 10).
3. View tab se Bookmarks pane on kiya.
4. Overview page pe Bookmarks pane mein Add dabaya → naam "Overview BM" rakha.
5. Top Customers page pe bhi Add dabaya → naam "Top Customers BM" rakha.

6. Overview page pe button banaya, text "Go to Top Customers", Action ON → Bookmark → Top Customers BM.

7. Top Customers page pe button banaya, text "Back to Overview", Action ON → Bookmark → Overview BM.

■ Test karne ke liye button pe Ctrl dabakar click karo. Publish ke baad normal click chalega.

Task 5 — Poore Report Pe Filter (Year 2023)

Kya karna tha: Sabhi pages aur sabhi visuals mein sirf 2023 ka data dikhe.

1. Kisi bhi page pe khaali jagah click ki (koi visual select nahi kiya).
2. Filters pane mein sabse neeche "Filters on all pages" section mila.
3. Usme Year field daali.
4. Basic filtering rakha. sirf 2023 pe tick lagava.

■■ Ye filter Task 1 ke visual filter ke saath mil ke kaam karta hai. Isliye Page 1 ka chart 2023 ke hisaab se hi 500+ units dikhayega — pehle jaisa result nahi milega.

Yaad Rakhne Wali Baat

3 tarah ke filter hote hain, chhote se bade ki tarah:

1. **Visual Filter** — sirf ek chart pe (Task 1)
2. **Page Filter** — poore page pe (Task 2)
3. **Report Filter** — poore report pe, har page (Task 5)

Ye teeno ek saath kaam karte hain (AND ki tarah) — matlab sab shart पूरी honi chahiye tabhi data dikhega.

Session 18 — Saare 5 tasks complete ho gaye.
